

Menasha Parks and Recreation Department 2009 Partial Banned Bat List

Player safety is the number one consideration in the Menasha Parks and Recreation Department coed and men's softball leagues. For 2008, the Menasha Parks and Recreation Department will be using the Amateur Softball Association (ASA) non-approved bat list as the official non-approved bat list. Go to www.asasoftball.com. This is the same list used in Appleton. Some bats that are 100% composite may be allowed. Essentially this means a bat must have aluminum in it. Composite bats may be used if they are ASA approved. All 100% titanium are banned. The Department reserves the right to ban any bat deemed to be unsafe. Check www.justbats.com for composite information on a particular bat. Newly manufactured bats for this year will not be approved for play as they have not been tested by the ASA. To check your bat for approval, refer to this list first or www.asasoftball.com.

Get Your Bats Stamped Before You Play

Bats can be stamped at the Captain's meeting on Tuesday, April 14th or Thursdays, April 23 and April 30 from 3:00-4:00 PM at the Park and Rec. office, 2nd Floor, City Hall.

The following is a partial list of bats that are **NOT** legal for play in the Menasha Parks and Recreation softball leagues. Player and/or team discipline may result if any illegal bat is used. Go to www.asasoftball.com for a complete up to date list.
